

Device Rental Program

Supercharge Your User Experience
Best-in-Class Deskphone Technology
with No Upfront Investment

DEVICE RENTAL PROGRAM

It's easier than ever to get access to the latest and greatest IP desktop phone technology. With the ClearlyIP Device Rental Program, deploy a world-class communications experience with a variety of best-in-class IP phones and monthly rental options.

Unified Communication Devices

Get reliable, feature-rich unified communication endpoints with no upfront investment and a predictable payment plan. Choose devices that meet the needs of your users and are easily deployed and managed on your selected UC platform.

Reduce Costs & Complexity

Deploy your telephony solution with the ClearlyIP phones you need without the large initial investment, saving your budget for other projects. Customers will be able to deploy phones with budget-friendly options and hardware refreshes at an affordable, fixed monthly price.

MANAGEMENT

Management of customer desktop phone services.

SERVICES

Services may include procurement, device configuration, installation, and technical support.

SUBSCRIPTION

Services are delivered on a subscription basis for a monthly fee.
