

IP Phones for Every Workspace

All ClearlyIP phones are designed to work with your favorite SIP based PBX or softswitch and can be easily provisioned free of charge using the ClearlyIP Device Manager software or the Clearly Devices module for FreePBX® based systems.

ClearlyIP CIP phones are designed to look great and offer powerful features, while still retaining an ease of use that appeals to business owners. ClearlyIP CIP phones are sleek and elegant, offering true “plug and play” functionality. Users simply connect our phones to any internet connection to instantly make and receive calls.

All ClearlyIP CIP phones offer full-duplex speakerphones with superior voice quality and rich color LCD display screens. Additional features include: A 2-year warranty, Zero Touch Provisioning, intercom, supports VPN and Power over Ethernet (PoE) capability.

Zero Touch Provisioning

With Zero Touch Provisioning our servers will direct the configuration to the phone of your choice. Just send the client or employee an unprovisioned phone, and you don't have to leave your desk.

ClearlyIP Phone Features

- Easy to Use Phone Apps**
Using our ClearlyIP Device Manager, Clients with FreePBX® 14 and above based systems can replace complicated phone commands with the click of a button.
- Built-in OpenVPN Client**
Our system allows you to tunnel your IP subnetwork or virtual ethernet connection, creating secure ethernet bridges to protect your data.
- Power over Ethernet (PoE)**
Industry standard PoE, delivers the energy to run the phone so no power cable or outlets are required.
- Full Color LCD Displays**
All ClearlyIP Phones come with large full-color displays creating sharp easy to read text and graphics.
- Dual Gigabit Ethernet with PoE**
Not every area has a separate drop for both a phone and computer. All of ClearlyIP's phones allow for high-speed gigabit passthrough for computer connectivity.
- 5 Way Conferencing**
Sometimes your conference line may be in use. ClearlyIP phones allow up to 5 direct connections, meaning that you can have your conversations when you need them.

Phone Accessories

CIP200 Expansion Module

The CIP200 offers an additional 2 pages of 20 programmable hard keys, making it a must-have for receptionists.

- ⚙ Large 160x320 graphic LCD color display with backlight
- ⚙ Two control keys for fast page switching
- ⚙ Add up to 4 expansion modules for up to 160 programmable keys
- ⚙ Keys programmed directly from the ClearlyIP Device Manager
- ⚙ Compatible with the CIP270, CIP270v2, CIP280v2, and CIP290v2

ClearlyIP USB Bluetooth/WiFi Dongle

This device allows the use of Bluetooth wireless headsets and Wi-Fi connectivity to the CIP250v2 and CIP230v2 with the ease of plug & play technology.

- ⚙ Bluetooth specification: V4.2+Hssystem
- ⚙ Dual-band WiFi: 2.4GHz/5GHz (IEEE 802.11a/b/g/n/ac)

ClearlyIP EHS30 Headset Adapter

Connects ClearlyIP phones to wireless headsets that have EHS (Electronic Hook Switch) capability. ClearlyIP's EHS30 headset adapter supports popular wireless headsets such as Plantronics and Jabra.

ClearlyIP USB Panic Button

The USB Panic Button connects to any ClearlyIP Phone that has a USB port and is placed in an easily accessible location such as under the desk or mounted to the wall. When pressed the button triggers the phone's Panic Button feature.

- ⚙ Allows programming the USB button to call any destination on the PBX such as a Ring Group, Queue, or Page Group.
- ⚙ When pressed, the phone will NOT show it is on an active call, and the speaker will not be active.

ClearlyIP USB HD Camera 200

Attach the the optional HD plug-and-play ClearlyIP USB Camera 200 to the CIP290v2 IP phone for smooth and convenient 1080p (30fps) video calls.

- ⚙ The ClearlyIP USB 2 Mega-Pixel HD Camera is compatible only with the CIP290v2 IP Phone.
- ⚙ Features a privacy shutter on the camera lens to protect users' privacy.
- ⚙ Video codec: H.265, H.264 High Profile, H.264, H.263, VP8
